

## Woofs, Wiggles n Wags Foster Responsibilities

It is the responsibility of the foster family to help keep the foster dog safe at all times. You are our eyes and ears for this dog. ANYTHING you see that you have questions about or are unsure of call right away.

If a rescue dog is accidentally harmed or hurt while in your care call your foster coordinator immediately.

Follow the Foster Do's and Don'ts especially for feeding, crating, alpha training principles, and dog introductions.

If something happens to a rescue dog while in your care it is a huge liability and the rescues non profit status and reputation are at RISK.
